ed allegations by a

woman who said she was trafficked by Epstein and forced to have sex with his friends, including the prince, when she was 17. Along with her 98-year-old husband, the Duke of Edinburgh, being involved in a car crash in January and spending the run-up to Christmas in hospital for checks, and her grandsons Princes William and Harry publicly falling out, it has been what many commentators have called another "annus horribilis" for her.

That was how she described 1992, when three of her children's marriages - including that of Prince Charles to Princess Diana - col-

lapsed and a fire severely damaged her Windsor Castle home. On reconciliation, the queen talks in the excerpts of "how small steps taken in faith and in hope can overcome long-held differences and deep-seated divisions to bring harmony and understanding ..."

She adds: "The path, of course, is not always smooth, and may at times this year have felt quite bumpy, but small steps can make a world of difference."

Britain's regional and political divisions have been exacerbated in the 3-1/2 years since it voted to leave the EU.
